SPECIAL CLASS

Advanced Swim

Dates: July 17 - August 3

Place: High School Pool

Times: 8:55 a.m. - 11:05 a.m.

Inst: Travis Young

This class is for students who have gone through the seven levels of Red Cross swimming and are looking for an option for continued swimming practice and instruction. The class content is open to design based on participant interest with options ranging from water rescue skills and safety to "competitive" swimming workouts as well as water fitness and conditioning. This will be a two-hour class. Students will set goals for their swimming and work toward meeting those goals throughout the class.

SPECIAL CLASSES

Diving - Basic Springboard I and Spring Board II Classes

Dates: August 7 - 18 (two weeks)

Place: Wakanda Waterpark

Times: 9:00 - 10:00 a.m. - Basic Springboard I
10:00 - 11:00 a.m. - Springboard II

Inst: Travis Young

Prerequisite: Must have passed Intermediate Level VI
of swimming to take this class.

Basic I - This class will introduce students to the basics of springboard diving. This is a skill building class for beginners and will provide skills to begin springboard diving. Forward dives, back dives, twists inward dives and reverse dives will be discussed. The student will demonstrate an understanding of what makes them unique from each other and build basic skills. We will begin work with approach and hurdle and progress to introduce each diving group and position. We will focus on each of the following groups: forward dives, back dives, twists and inward dives. The student will demonstrate an understanding of what makes them unique from each other and build basic skills for each group. (The hope is that students will be able to do a forward dive in straight, tuck and pike positions. A basic back dive, a basic inward dive and basic twist dive both forward and back.) Class limited to 12.

Springboard II - This class will go deeper into springboard diving. Forward dives, back dives, twist inward dives and reverse dives will be discussed. We will review approach and hurdle and progress each diving group position. We will focus all groups based on student interest and ability. Students will refine basic dives learned in basic springboard diving and add positions and summeraults or twist to basic dives. This class is not limiting to how far a student can go.

PITCHBALL II - COED

AGES: 8 & 9 Year Olds (Entering 3rd grade)
Use age as of August 1, 2006

DATES: June 14 - July 26 (Mondays & Wednesdays)

TIMES: Rotating between 5:30-6:30 PM and 6:45 -7:45 PM

PLACE: Wakanda Park Diamonds #4 and #5

FEE: \$23 City Residents
\$46 Non-City Residents

PRE-REQUISITE: Must have had at least one year of pitchball

REGISTRATION DEADLINE: Friday, May 6, 2006. No late registrations unless openings exist.

This league is designed for the player who has knowledge of the game but not quite ready for the 3rd and 4th grade Bambino league. Emphasis will be placed on learning to hit a baseball from either a pitch by a coach or by the use of a pitching machine. This league will rely on parent involvement for the program to operate successfully. An orientation for parents will be held on Tuesday, May 16, 2006 at 7:30 PM, at the Leisure Services Center. Participants will be pitching by mid-season at which time actual games will be scheduled, without the use of a pitching machine. Pre-requisite must have at least one year of pitchball and strong knowledge of the fundamentals of the game. League will be determined by sign-up deadline. If there is not enough interest shown for this league we will continue with the coaches pitching league.

Learning Outcomes: To further prepare the participant for the next level of baseball/softball by allowing them to hit a baseball with the use of a pitching machine to help them gain confidence in their swing. Participants will be worked with individually to help them develop the proper techniques of pitching.

GENERAL INFORMATION

This brochure includes all programs beginning between May 1, 2006 to Sept. 1, 2006.

Note: There will be **NO phone-in** registration accepted for any programs.

PLEASE NOTE

Dates listed for programs may not be in consecutive order.

FEES

All fees should accompany the registration forms. Failure to pay by the deadline will result in the removal of the name from the class list. Fees may be subject to change due to budget limitations. Effective August 1, 2002, differentiated fees for city and non city residents will be charged.

SALES TAX

State law require sales tax be collected on certain programs and services. Fees shown do not include this tax. Instructional programs are exempt.

HEALTH CONDITIONS

It is the responsibility of the parent or program participant to notify and/or inform the Menomonie Parks & Recreation Department office staff, at the time of enrollment/registration, of any medical (physical or mental) condition that may/could require special consideration by the MRD staff. This is for everyone's protection. MRD staff will respect your confidentiality.

INSURANCE INFORMATION

The Menomonie Parks & Recreation Department is committed to conducting its recreation programs, activities and services in the safest manner possible and holds the safety of participants in the highest regard. Participants and parents registering their child in recreation programs, or in using MRD equipment or facilities, such as ball diamonds, picnic shelters and renting the Leisure Services Center, must recognize, however, that there is an inherent risk of injury when choosing to participate in recreation activities. The Menomonie Parks & Recreation Department continually strives to reduce such risks and insists that all participants follow safety rules and instructions which have been designed to protect the participant's safety.

Please recognize that the Menomonie Parks & Recreation Department does not carry medical accident insurance for injuries sustained in its programs, or while using equipment or facilities. The cost would make program fees and rental charges prohibitive. Therefore, each person registering themselves or a family member should review their personal health insurance policy for coverage.

UPCOMING BROCHURES

Look for our Fall brochure in September 2006 at the following locations: Lammer's and Marketplace Foods. Brochures will be distributed to Menomonie Area Public and Parochial Schools.

EMPLOYMENT OPPORTUNITY

Applications for employment can be obtained at the recreation office. Some restrictions may apply due to Wisconsin Child Labor Laws. For further information, contact our office.

MINIMUM ENROLLMENTS

Most programs require a minimum enrollment based on necessary revenues, before they will be conducted. Cancellations may occur if minimums are not attained. The department reserves the right to adjust class times if necessary, due to enrollment levels, or other circumstances beyond our control.

SENIOR CITIZENS

All adult programs, except trips, are available to senior citizen residence of the Menomonie School District, 60 years and older, at 50% of the regular fee.

ATHLETIC RULES

A copy of the Menomonie Parks & Recreation Department Rules and Regulations Governing Adult Leagues and Tournaments is available upon request. Specific information concerning the adult leagues is contained in this book. All players are held responsible for the knowledge of its contents.

ADDITIONAL PROGRAMS

Contact the Recreation Department to register your interest in new courses. When a sufficient number of individuals are enrolled, a course will be developed at a convenient time. Usually six to twelve participants are needed to begin a course at a reasonable cost. Consult the Dunn County News and local radio for more information on additional programs.

AMERICANS WITH DISABILITIES ACT NOTICE

Menomonie Parks & Recreation Department programs, facilities and services are subject to compliance with federal law relating to accessibility. If you or someone you know has a disability and is interested in attending our participating in a program, activity or service, MRD will make reasonable accommodations to facilitate that opportunity, such as removing barriers, selecting alternative sites or revising policies and practices. Please contact MRD well in advance of an event or program so that adequate services may be provided.

PHOTO POLICY

The Menomonie Parks & Recreation Department staff may videotape or photograph participants enrolled in programs, classes, events or enjoying facilities. These photographs are for Menomonie Recreation publications, fliers, brochures or staff training purposes. All photos taken on City of Menomonie property are for city use and become the sole property of the city.

REFUNDS

Refunds on fees or charges for Recreation Department programs and services will be made under the following conditions:

1. **A full refund** will be granted when programs are cancelled, postponed or changed to a date/time which could prevent participation.
2. **A refund, less \$5.00 service charge**, will be granted when a person cancels from a program or service at least three business days prior to a program or service is scheduled to begin.
3. **No refund** will be granted when a person cancels from a program or service after three business days prior to a program or service is scheduled to begin.

Procedure for refunds:

1. Request refund from department either in person or in writing.
2. A voucher will be initiated after the program or service was scheduled to end. Exceptions include programs cancelled by the department.

Return the completed registration form with full payment no later than May 19th.

CLASS DESCRIPTIONS

Age level exceptions may be granted by calling Susan McClelland (715) 232-2694.

Board Games, Logic and More!

Session 2 Grades 2-6 Todd Hayden

Playing board games (and similar activities) is great “exercise” for the brain. “Stretch” your brain muscles by playing (and discussing strategy, logic, and probability) Chess, Checkers, Connect 4, Mancala, Sudoku, Rush Hour, and more. Participate in many other circle and group games that feature cooperation, while completing a task. These games are especially good for helping in math and general problem-solving abilities. \$10.00 fee.

Book Cooks

Sessions 1 & 2 Grades K-2 Teri Adler

Come and stir up a batch of fun while enhancing literacy and math skills! Using stories we will enhance our “hands-on” cooking experiences with activities such as writing, graphing, sorting, rhyming, singing, and creating colorful art projects!

Bookworms: Making Books from A-Z**Session 1 Grades 3-4 Janet Hartmann****Session 2 Grades 5-6 Janet Hartmann**

Be an Author/Artist! Make multiple art books writing and illustrating stories, using handmade paper and several bookbinding methods. Embellish the books with unusual materials: clay, jewels, metal and found objects. \$10.00 fee.

Caring for our Environment: Art the Recycled Way**Session 2 Grades K-3 Marcia Wolf**

Learn how to help save the environment as we use recycled boxes, egg cartons, plastic bottles and tubs, newspapers and magazines, and other recycled materials to create unique art. You will use your creativity and imagination to construct a masterpiece!

**Cooking Around the World****Sessions 1 & 2 Grades 1-3 Kelly Holm**

Get your passport out! Let's travel the world! Learn about the different types of foods in various countries as we research and prepare unique dishes. Create your own passport and recipe book to take home! Reading, writing, math, and social studies will be part of the curriculum.

Design Engineer in Action**Session 1 Grades 4-6 Byron Anderson****Session 2 Grades 4-6 Randy Kostroski**

Buildings, boats, toys, and play grounds -- they all began with someone's design and ideas. Experience the fun of creating designs that attempt to solve problems. Can your design using a simple pile of paper, string, and sticks carry the weight of a toy truck over the rushing river? Can you design a better water park ride, or create a new board game? If you enjoy using your creativity, working with others, and testing your ideas, you'll enjoy the afternoons in this course.

Fairy Tales and Fantasies**Session 1 Grades 1-3 Kris Winter**

Come join us in an imaginary world where anything can happen. Re-live familiar fairy tales, create new tales through improvising and storytelling, play theater games and enjoy pantomime. Gain self-confidence and discover your creativity. Perform in an original play with costumes and props on the final day of class.

Fun in The Sun: Activities to Make You Sing, Dance, Sculpt and Cook**Sessions 1 & 2 Grades K-1 Katie Snyder**

Be a sculptor, a cook or an actor! Join us as we "travel" to the beach to sculpt sandcastles, act out stories, and lots more!! This literature based course will include stories about the summer season followed by activities that enhance math, science, art and creative thinking skills.

Fun Physical Activities**Sessions 1 & 2 Grades K-3 Joshua Buchholtz**

Be a part of fun physical activities like soccer, t-ball, bumper-bowling, tumbling, swimming, kickball, rock climbing, capture-the-flag, and a lot more. Learn individual and team building skills while playing fun games in a positive environment. Develop good habits of staying fit and active. All students must wear tennis shoes, socks, and clothing that allows for active participation every day. \$8.00 fee.

**Healthy Cooking for Kids****Session 1 Grades 2-4 Gladys Earl**

Explore the kitchen and have fun preparing simple, nutritious recipes. Learn to select wholesome foods and make healthful food choices. Knead whole grain bread dough to make pretzels. Create fun shaped sandwiches, fruits and vegetables. Prepare frozen tropical pudding bars to increase calcium intake. Select healthy after school snacks and much more. Learn measuring and cooking techniques and kitchen safety. Come join the fun. Includes a cookbook. \$7.50 fee

Scrapbooking & Mini Books

Session 2 Grades 3-8 Denise Horst

Use paper in exciting ways to make scrapbooks and mini books. A variety of shapes, techniques and materials will be used to create unique covers, scrapbooking pages and mini books. You will “design pages” for holidays, vacations, special occasions, and for just ordinary days that you want to remember! Bring your own pictures and have fun working with many great ideas!! This course is designed to increase your creative and technical skills. \$7.00 fee.

Sports for Fun

Sessions 1 & 2 Grades 4-6 Dave Morris

Have fun participating in sports you can enjoy for fun and a lifetime. Use the Johnson Field house, swimming pool, multipurpose gym, track, tennis courts, Williams Stadium and outdoor adventure area. You will be exposed to the methods, techniques, and basic rules for a variety of sports. Fundamentals, physical exercises, flexibility, muscular strength, endurance, and sportsmanship will all be emphasized. \$8.00 fee.

The Magic Tree House Literacy Adventures

Session 2 Grades 2-4 Heidi Anderson

Travel through time and around the world with Jack and Annie from the popular Magic Tree House book series. Do projects, play games, and make a snack based on where we travel each day! Wherever our magical journey takes us, you can be sure we'll have lots of fun.

Weather Investig

Session 1 Grades 1-3 Staci Omtvedt

Become a meteorologist as you gain an understanding of the causes and controls of weather. You will gain an insight into the variations in climate around the world and will learn what other people do to cope with extreme temperatures and weather patterns. Be ready to make scientific predictions and “weather reports” to your classmates.

Wire Mania Design

Session 1 Grades 4-8 Denise Horst

Design fantastic shapes with wire and metal. Construct with wire: rings, wire people, cool necklaces, original bracelets, spiders, mobiles and many more fun creative projects! Enhance your creations by adding beads, metal pieces, paint and other unique materials? Your imagination is the limit!! We'll also have a secret potion for a wire project. Can you guess what it might be? \$12.00 fee.

Underwater Adventure

Session 1 Grades K-1 Marcia Wolf

Join in on an “underwater adventure”. Each day will be a new experience as we explore the ocean and learn about octopi, dolphins, coral reefs, sea urchins, and other underwater creatures. We will create ocean art and eat “octopus”, “ocean Jell-O”, “sea urchins”, and other ocean snacks.

You Be the Star

Session 2 Grades 3-6 Kris Winter

Discover the shining star within you while exploring dramatic play through character development, theater games, storytelling, puppets, and improvisation. Gain self-confidence and discover your creative self. Show off your star qualities while performing in an original play with costumes and props on the final day of class.

Your House Full of Science

Sessions 1 & 2 Grades 1-3 Jo Hopp

Come see how to turn your house into a mad scientist's laboratory! All sorts of science can be done with the stuff we keep in our kitchen, closets and bedrooms! Learn some fun ways to use everyday household items to explore Biology, Chemistry and Physics. You'll be able to go home and impress your mom and dad, brothers and sisters, and neighborhood friends! Besides, there has to be a better way to use that sponge than scrubbing the floors.

COURSES AVAILABLE AT MENOMONIE HIGH SCHOOL

Courses in this section are printed by subject area. Whether or not a course will be offered is based on student enrollment.

ART

Art Workshop (Grades 1-8) 1 hour

This course is designed as an enrichment experience for students who are interested in art. It will provide an opportunity to go beyond what is available in the regular art program offered during the school year and explore the area of art in-depth. The classes will be age grouped and arranged around specific areas such as sculpture, painting, print making etc.

Calligraphy (Grades 5-12) 1 hour

This course is designed to introduce students to the art of calligraphy. Students will develop a formal mode of italics and be introduced to several calligraphic alphabets. Students will need to purchase special writing instruments to participate in the course. Instructors will provide specific information the first day of class.

ATHLETIC/PHYSICAL EDUCATION

Basketball (Grades 2-8) 1 hour

This class is open to all students, girls and boys. This class is on instructing the basic fundamentals of basketball. This class will include correct shooting form, passing, dribbling and defensive skills along with team play. This class is one hour each day and offered both sessions.

Dance/Creative Movement (Grades 1-8) 1 hour

Introduction to basic social dance and creative movements.

Fun in the Sun (Grades K-2, 3-5) 1 hour

Fun in the Sun is a class designed to provide students with the basic fundamentals of age appropriate skills and games in a physical education setting. The students will participate in a wide variety of activities that involve locomotion, nonlocomotion, and manipulation of objects. The activities will be modified traditional games as well as nontraditional games that promote maximum participation, self-esteem, and fun.

Fun with Food and Fitness (Grades 3-4,5-6,7-8) 1 hour

Get ready to activate your body and tantalize your taste buds while learning how to make healthy choices with the foods you eat and the physical activities you do. What should I eat? How much should I eat? Am I eating the right foods? What part does exercise play in my health? Can I exercise too much? All these questions will be answered. This class will focus on positive ways to increase health. There will be 3 evening sessions for parents to facilitate parent involvement in teaching healthy lifestyles. Two days a week will be spent learning about nutrition while two days a week will focus on physical activity. There is a \$10.00 lab fee which will be collected the first week of the class.

Soccer I (Grades K-2) 1 hour-limited to 22 students

Soccer II (Grade 3-5) 1 hour-limited to 22 students

Soccer III (Grades 6-8) 1 hour-limited to 22 students

The students will develop technical and tactical skills in a fun environment. The emphasis of every day will be on the player being involved in small-sided games. Small-sided games are games in which there are a reduced number of players on each side so that each player gets to touch the ball more often. Both new players and experienced players will find the daily experience fun along with being rewarding. New skills will be developed quickly with encouragement and immediate feedback. Each player will develop more self-confidence, leadership, and speed of thought, positive self-motivation, patience and goal setting.

Swimming

(Grades 1-12) 1 hour

Swimming lessons are offered in ability levels. See Aquatics in the Recreation Department section of this brochure for descriptions of the lessons.

- Level I
- Level II
- Level III
- Level IV
- Level V
- Level VI

Tennis

(Grades 3-12) 1 hour

Tennis instruction is offered to students at two levels according to their level. (Students must provide their own racquet).

Beginner - Entry-level instruction. Players will learn to hit forehand and backhand, sustain rallies, serve, and keep score.

Intermediate - Players should be able to be consistent with backhand and forehand shots, be able to sustain rally, and hit first and second serves in play, can play doubles, and keep score.

Tumbling and Apparatus

(Grades 1-8) 1 hour

Students enrolled in this course will have the opportunity to work in the various areas of gymnastics, including balance beam, vault, uneven parallel bars, and floor exercises. Major emphasis in the class is on individual skill learning and progression of skill development, large motor, and coordination skills. Children will be lead through a progression of skills, advancing at their own ability. Climbing ropes will be used to encourage the development of upper body strength. Leotards and/or sweats are encouraged. Clothing with zippers will not be permitted. Children are scheduled according to grade levels 1-3, 4 thru 8.

COMPUTERS

Computers

(Grades 1-8) 1 hour

Summer school computer offerings will provide the young, intermediate and advanced students the opportunity to acquire computer literacy skills or apply skills already developed to specialized applications. The grades 1 - 2 students, with limited experience with computers, will have fun while learning to operate a computer. They will have an opportunity to print their name, work with number concepts and work with applications that introduce certain computer skills. The grades 3 - 5 intermediate students will further develop keyboarding skills, learn to use computers to create music and learn the concept of programming using the Logo language. More computer related opportunities will be provided for the intermediate and advanced students by making available to them opportunities to further develop their keyboarding skills. They can also create and compose stories, signs, banners and certificates.

Elementary Keyboarding

(Grades 2-5) 1 hour

This course would be for students 2nd through 5th grade who are interested in learning how to keyboard correctly. With the growing number of computers entering households, children are starting to use computers at a younger age. Students need to learn how to keyboard first so they can use the computers efficiently. They will be able to use this skill and build on it as they enter 6th grade. We will go through the keyboard during the summer school session with most emphasis being on technique with the students.

DRAMA

The "Break A Leg" Drama Class

(Grades 1-5) 1 hour

Students will choose and perform a play. All participants must be imaginative, creative and willing to "break a leg" when the curtain rises. Students will be involved in prop and costume making. Speaking parts will require memorization and a performance for parents and guests will be scheduled as a culmination activity.

Puppetry (Grades K-3) 1 hour

The class will present many types of simple puppets with time for the children to construct them. Each day will also include instruction in puppet techniques and games and exercises using puppets. The class ends with a puppet show performance. Puppetry is an excellent means of self-expression and a way of building self-esteem.

FAMILY AND CONSUMER SCIENCE

Child Care

(Grades 5-12) Two-hour class

This course will provide basic information and training for students that are interested in baby-sitting. Child development and childcare, safety, responsibility, and handling emergencies will be covered. The class will meet two hours/daily and will be offered both sessions allowing students to participate in one or the other. Participants may register for an additional class to fill their morning schedule.

Cooking

(Grades 3-12) 1 hour

This class will introduce the younger children to the kitchen and some basic cooking skills. The focus will be on safety as children learn to prepare nutritious snacks and some sample meals. Older students will learn how to prepare a variety of foods. The major emphasis will be preparation of foods for breakfast but will also cover some baking. Classes will be age grouped. A small lab fee will be charged to cover the cost of foods that will be prepared. There is a \$10.00 lab fee to be collected the first week of class.

A Taste of Wisconsin

(Grades 4-6, 7-8) 1 hour

Wisconsin is well known for a variety of favorite foods. This course emphasizes the rich agricultural and ethnic heritage of our state. By preparing recipes utilizing apples, cherries, cranberries, wild rice, dairy products, potatoes, beef, and pork, students will learn about the utilization of Badger State products. With each recipe, cultural influences and links to the past will be explored. The state's reputation for hearty wholesome food is well deserved. Learn the origins of Midwestern cuisine through this tasty experience. There is a \$25.00 lab fee for this class which will be collected the first week of class.

Sewing

(Grades 4-8) 1 hour

Students will be introduced to basic techniques of clothing maintenance, mending, and use of the sewing machine. At least one simple sewing project will be completed by each of the participants. Students will be required to furnish their own fabrics, patterns, supplies, etc. for their individual projects. Classes will be arranged around interest, ability, and age.

FOREIGN LANGUAGE

Beginning Spanish

(Grades 2-4) 1 hour

Students will be introduced to Spanish by learning phrases/numbers, playing games to gain knowledge of Spanish words/phrases/culture.

HEALTH

Basic Aid Training (BAT)

(Grades 2 to 4), 1 hour

The Basic Aid Training is designed for students who are 8 to 10 years old. At this age children begin taking part in more activities away from home, often without adult supervision, and they begin making decisions governing the activities of others. When a child is injured, a friend or sibling is most often the first person at the scene. Unfortunately their first aid and safety knowledge is generally fragmented and often incorrect. BAT teaches basic skills and knowledge necessary for children to identify and prevent potentially harmful situations, to be able to treat common injuries, and to respond in emergency situations. The program emphasizes prevention to highlight its importance in reducing injuries.

HISTORY/MULTICULTURAL

“Ancient Egypt” A Journey Back in Time

(Gr. 5-9) 1 hour

Explore the mysteries of “Ancient Egypt”. Learn basic hieroglyphics to write and decode messages. Decipher puzzles and riddles about the pharaohs, pyramids, and mummies. Through a variety of activities, students will learn about the life and beliefs of Ancient Egypt and its influence on us today. Topics will include: The Nile and its impact on Ancient Egypt; Pharaohs, Gods, and their relationship to common people; Ancient beliefs regarding life, death, luck, pyramids – how and why they were built; The basics of decoding hieroglyphics; Everyday life – clothing, games, and food.

Fun Around the World

(Grades 4-5)/6-8) 1 hour

This course is designed to develop an appreciation of cultural similarities and differences through experience in arts, crafts and games from around the world.

Exploring History with the American Girls

(Grades 3-6)

Students will explore US historical events through the use of American Girl books, dolls, costumes, paper dolls, and play performances.

MATH

Eating Your Way Through Math (Grades 1-3) 1 hour

In this class the child will listen to a short story related to math. After hearing the story we will discuss the math concept. The children will do an activity using food. Activities will include making things such as pattern necklaces out of Fruit Loops, making cookies following a recipe, graphing the colors of gum balls, counting and graphing M & M's and much more. This class is designed to reinforce math concepts in a fun and tasty way.

Enrichment Math I (Upcoming Grades 2-3) 1 hour

Students who have excelled in mathematics and surpassed grade level expectations will be challenged to investigate and explore interesting problems in a broad range of mathematics such as number, measurement, geometry, and handling data. Students will be able to self-select achievement projects that interest them. (This is NOT A REMEDIAL class.)

Enrichment Math II (Upcoming Grades 4-5) 1 hour

Students will be offered an opportunity to go beyond what is generally covered in the regular math program. New areas will be explained and basic skills applied to new situations. (This is NOT A REMEDIAL class)

Enrichment Math III (Upcoming Grades 6-8) 1 hour

Students will be offered an opportunity to go beyond what is generally covered in the regular math program. New areas will be explained and basic skills applied to new situations. (This is NOT A REMEDIAL class).

MUSIC

Beginning Strings (Grade 6) 1 hour

The purpose of this course is to provide beginning strings music instruction for students registered for Orchestra 6 for the Fall of 2006.

Middle School Orchestra (Grades 7 and 8) 1 hour

This class is designed to help students improve their note reading skills and accuracy of intonation. Students will select a solo or duet to rehearse each class period. At the end of the course, each student will perform their selection for an audience. Classes will mostly consist of individual lessons alongside small group rehearsals. Lessons will focus on reading notes and key signatures, playing with accurate intonation, performing with rhythmic accuracy, and playing with correct posture.

High School Orchestra

(Grades 9,10,11,12) 1 hour

This course is designed to help students increase their understanding and level of performance on solo and ensemble literature by means of private lessons and small and large group rehearsals. This course will also contain the study of music theory. This area will focus on the harmonic, melodic, and rhythmic structures of western music and how the knowledge of these structures can enhance your level of music performance.

High School Summer Band

(Grades 9-12) June 10-6 hours, June 12 – 16-4hours, August 14 – 18, 21 – 25, 28 – 31, 2006-6 hour sessions

High School Summer Band is for all students enrolled in Fall Marching Band. The focus of this “camp” will be to orient all new members and learn the competitive field show that we will be using during term 1 for our football and competition performance. The Band Director will make a schedule of rehearsals, guidelines for dress, etc., available. For more information contact Jacob Korkula, MHS Band Director 232-2609 ext. 168.

PROBLEM SOLVING

Imagineering

(Grades 4 - 9) 1 hour

The spontaneous combustion challenge is to solve problems in a hands-on, heads-on class. ***Design an obstacle course for an egg: Your egg must perform three tasks of your choosing, using mystery items found in a bag...but no cracked shells!! ****How many stones can you name in three minutes? Rolling Stones, Flintstones, kidney stones . . . any others??? Here's an opportunity to learn and use problem-solving strategies! Use games, puzzles, brainteasers and other manipulatives in a fun and educational way.

CLASSES AVAILABLE AT OAKLAWN ELEMENTARY SITE

Pre School

(Age 4) (6 weeks) OAK

This “early start” opportunity is designed for students that are a full year away from entering kindergarten. An early school experience will be provided for the students, and screening activities will be conducted during the six weeks to help determine future eligibility for programs offered during the regular school year in the school district under Title I. Some parental involvement will be required.

Pre-Kindergarten

(Age 5 by September 1, 2006)

(Upcoming Kindergarten students) (6 weeks) OAK

Pre-kindergarten summer school offers opportunities for general instruction in helping to prepare children for kindergarten. The pre-kindergarten class instruction will address language development, fine and gross motor development, social and emotional development and other pre-academic readiness skills. The six weeks of summer instruction will be broken into two segments.

Post – Kindergarten

(Upcoming Grade 1) (6 weeks) OAK

The program will follow the same schedule as the Pre-Kindergarten but is designed for those students that need a little extra before entering grade one in the fall. The program will be more academic than the Pre-Kindergarten program and concentrates on the refinement of the pre-reading and pre-mathematics skills necessary for a successful first grade experience. Classes will meet daily. Students enrolling in this class must have a Remediation Recommendation form filled out by their classroom teacher.

Post First Grade

(Upcoming 2nd grade students) (6 weeks) OAK

This course is a great opportunity for children going into second grade to review and expand on the many skills learned in first grade. The students will be engaged in a variety of activities that will continue to develop reading, writing, and math concepts. They will have a chance to enjoy literature as they work on basic skills such as: phonemic awareness, reading comprehension, and fluency. A “hands on” approach will guide many of the lessons related to number relationships, money, and story problems. This class will give them a boost for second grade. Students enrolling in this class must have a Remediation Recommendation form filled out by their classroom teacher.

Post Second Grade

(Upcoming 3rd grade students) (6 weeks) OAK

Post second grade will review those skills needed for third grade. Reading and math will be heavily emphasized. Phonics and writing will be included. The students will be engaged in a variety of activities to prepare them for third grade. The students will enjoy a literature-based environment with many hands on activities. The class will help them to achieve a successful third grade experience. Students enrolling in this class must have a Remediation Recommendation form filled out by their classroom teacher.

Post Third Grade

(Upcoming 4th grade students) (6 weeks) OAK

This course will focus on specific student needs in the areas of reading fluency, comprehension, decoding, written expression, math facts, and mathematical problem solving. Students will participate in a variety of differentiated activities to help them improve their skills from beginning to proficient. Students enrolling in this class must have a Remediation Recommendation form filled out by their classroom teacher.

Post Fourth Grade

(Upcoming 5th grade students) (6 weeks) OAK

Post Fourth Grade is a course designed to ease the transition for students moving from fourth grade into fifth grade. Students will have daily opportunities to practice Reading, Math, and Social Skills in a structured setting.

HIGH SCHOOL REMEDIAL OFFERINGS - SUMMER 2006

Summer school courses will be offered if sign-up is adequate (minimum-12 students). Students successful in completing any of the remedial courses will earn 1/2 credit. Attendance is crucial to student success. Students with more than two absences will be dropped from any credit course. Students who wish to enroll in any of the following courses should register with a high school Guidance Counselor. High school remedial courses will be held at the High School.

Special Note: Classes are Monday through Thursday

Remedial Algebra I

(Grades 9-12) 5-week class

This Math course will blend elements of Algebra, Geometry, and Statistics together. Technology will be used to enhance mathematical thinking. Instruction and assessment practices are designed to promote mathematical thinking rather than mere computation. Target audience is students who want to improve their math skills and who have failed Algebra I. This course will run five weeks in length, five days a week.

Remedial English

(Grades 9 - 12) 3-week class

This intensive course has been specially designed to provide experiences in reading, writing, and speaking with curriculum chosen to prepare students to continue in their regular English classes. This pass/fail course can be used to replace a failed - credit for either freshman English – I or sophomore English II.

Science

(Grades 9 - 12) 3-week class

Students who need to make-up a - credit of Science may take this remedial course. Successful completion will enable the student to continue course instruction and to help meet required graduation requirements.

Social Studies

Civics/Geography (Grades 9 - 12) 3-week class

A course designed for students who have failed - credit of required social studies at the 9th grade level. The course instructor utilizes a variety of curricular activities designed to enrich the student's knowledge in the areas of American government and geography.

United States History

(Grades 10-12) 3-week class

A course designed for students who have failed - credit of required social studies at the 10th-12th grade levels. The course instructor utilizes a variety of curricular activities designed to enrich the student's knowledge in the area of United States history.
